6-a. Financial Reporting Guide Attestation

I hereby attest that I have read and reviewed the Financial Reporting Guide for Regional Behavioral Health Authorities, and have implemented accounting systems that comply with the requirements set forth in the Guide. I also attest the Community Partnership of Southern Arizona, Office of Finance, has adequate professional staff and sufficient internal controls and systems in place that are designed to account for both DBHS-related revenue/expenses and non-DBHS-related revenue/expenses by type and program.

Date Signed

Charles Andrade, Chief Financial Officer/Director of Business Operations

GSA 3/GSA 5

6-b. Experience in Identifying Services and Expenditures at Rate-Cell Level

- 2 The Community Partnership of Southern Arizona has complied with the requirements set forth in the Guide for 3
 - identification and reporting of service and administrative expenses at the rate cell level since the inception of its contract
- 4 with DBHS in July 1995.
- 5 Since July 1997, CPSA has used MAS90 for Windows to serve as the accounting system to process accounts payable,
- accounts receivable, general ledger transactions and for the preparation of the DBHS and internal financial statements. 6
- 7 The general ledger reporting module provides the reporting of revenue and expenses for DBHS and Non-DBHS
- 8 contractual fiscal reporting requirements. During the fourth quarter of calendar year 2004, CPSA will upgrade to the
- 9 most recent software version of MAS90 for Windows. This will provide improved import functionality for enhancing
- 10 presentation of financial reports generated from the various modules, as well as providing overall system functionality
- for reporting and processing capabilities. 11
- 12 The Community Partnership of Southern Arizona's sample financial statements begin on the following page.

Independent Auditors' Report

Board of Directors Community Partnership of Southern Arizona, Inc. Tucson, Arizona

We have audited the accompanying consolidated balance sheet of Community Partnership of Southern Arizona, Inc. (CPSA) and subsidiary as of June 30, 2003, and the related consolidated statements of activities and cash flows for the year then ended. These consolidated financial statements are the responsibility of CPSA's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Comm*unity* Partnership of Southern Arizona, Inc. and subsidiary as of June 30, 2003, and the changes in their net assets and their cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report, dated August 13, 2003, on our consideration of CPSA's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grants.

The consolidated statements of activities by line of business on pages 14 through 19 differs from the information presented in the statement of activities, which is presented in conformity with U.S. generally accepted accounting principles.

Beach, Fleischnan + Co, P.C.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2003

1. Description of business and summary of significant accounting policies:

Description of business:

Community Partnership of Southern Arizona, Inc. (CPSA or the Organization) located in Tucson, Arizona, is an Arizona not-for-profit corporation. Incorporated in February 1995, CPSA was initially formed by three corporations that collectively contributed \$1.5 million in order to provide CPSA with initial capitalization. One of the three contributors subsequently transferred its interest in CPSA to two healthcare systems. Accordingly, there are four corporate members (Members) who each have representation on the Board of Directors of CPSA.

Community Behavioral Health Properties of Southern Arizona, LLC (CBHP), a wholly owned subsidiary of CPSA, was organized in July 2002 for the purpose of acquiring and holding real estate and related debt.

Through a contract with the Arizona Department of Health Services (ADHS), which expires June 2005, CPSA has been designated as the Regional Behavioral Health Authority (RBHA) for the geographic service area of Pima County and the four southeastern Arizona counties of Cochise, Graham, Greenlee and Santa Cruz. CPSA is responsible for managing and maintaining an organized, comprehensive behavioral healthcare delivery system for the benefit of eligible members within its geographic service area. Substantially all of CPSA's revenues and cash flows are from its contract with ADHS.

CPSA functions as a behavioral health management organization and, except for member services functions and limited utilization management functions, does not provide direct healthcare services to eligible members. Direct behavioral healthcare services are provided to eligible members by a network of subcontracted service providers.

Principles of consolidation:

The consolidated financial statements include the accounts of CPSA and its wholly owned subsidiary, CBHP. All significant intercompany balances and transactions have been eliminated on consolidation.

Basis of presentation:

The accompanying financial statements have been prepared in accordance with the standards of accounting and financial reporting under the AICPA Audit and Accounting Guide, *Health Care Organizations* and the Accounting and Auditing Procedures Manual for ADHS Funded Programs.

Estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual result could differ from those estimates.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2003

Description of business and summary of significant accounting policies (continued):

Revenue recognition:

Capitation Premium Revenue:

CPSA's contract with ADHS requires CPSA to provide behavioral healthcare services to all eligible Medicaid (Title XIX) and KidsCare (Title XXI) enrollees within its geographic service area. Under this agreement, CPSA receives monthly payments from ADHS based on a capitated rate and the number of Medicaid and KidsCare enrollees eligible for covered services during that month, regardless of services actually performed by CPSA and its subcontracted network of providers. Payments received under capitation are subject to risk and CPSA assumes the risk for claims in excess of these payments. Capitation premiums are recognized in the month payment is received in accordance with the ADHS policy.

KidsCare Premium Revenue:

These ADHS contract revenues are included in capitation premium revenue and are accounted for as described above. Revenue for Title XXI exceeded the contractual profit maximum for the year ended June 30, 2003 by \$1,441,706. These amounts are reflected as recoupment liabilities due ADHS in the accompanying consolidated balance sheet.

Client Service Revenue:

CPSA's contract with ADHS provides for payment to CPSA at a monthly rate equal to one-twelfth of specified annual contract maximums under ADHS' Subvention programs. In accordance with ADHS policy, CPSA is to recognize these funds as revenue when received, except for unexpended Federal Block Grant funds that must be deferred at June 30. ADHS policies also require CPSA to return any unexpended Federal Block Grant funds if they remain unexpended for one year beyond when ADHS has granted them. CPSA did not have any unexpended funds of this type at June 30, 2003.

The Subvention programs provide behavioral healthcare services to lower income, uninsured or underinsured individuals not eligible for behavioral healthcare coverage under Medicaid or Medicare. The Subvention programs are funded through a combination of federal mental health block grant funds, State of Arizona Tobacco Tax funds, Pima County funds and State of Arizona appropriated funds administered by ADHS.

CPSA has programs for which deferred revenue is recorded at June 30, 2003. The primary program is funded through House Bill 2003. CPSA deferred \$234,992 at June 30, 2003.

Healthcare service cost recognition:

CPSA contracts with various comprehensive service network providers, including the members, for the provision of a full range of behavioral healthcare services to eligible Title XIX and Title XXI adults with serious mental illnesses and children for Title XIX, Title XXI and Non-Title XIX programs. These providers are compensated on a case rate basis for eligible clients in these categories. Under this arrangement, providers are at risk for providing healthcare services to eligible enrollees as specified in the agreements, including costs that exceed their case rate. These services accounted for 76% of CPSA's behavioral healthcare service expenses in 2003.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2003

1. Description of business and summary of significant accounting policies (continued):

Healthcare service cost recognition (continued):

The cost of all other behavioral healthcare services is on a fee-for-service, cost reimbursement or block purchase basis subject to contract ceilings for certain programs. These costs are accrued in the period in which the service is provided to eligible recipients based in part on estimates, including an accrual for behavioral healthcare services incurred but not yet reported to CPSA.

Cash and cash equivalents:

CPSA considers all highly liquid debt instruments with an original purchased maturity of three months or less to be cash equivalents. CPSA routinely invests its surplus operating funds in overnight repurchase arrangements with a financial institution and in highly liquid U.S. government securities. Cash equivalents are reported at their estimated fair value.

CPSA places its cash and cash equivalents with high quality credit institutions. At times, such investments may be in excess of the FDIC insurance limit; however, management does not believe it is exposed to any significant credit risk on cash and cash equivalents.

Receivables:

Receivables primarily consist of amounts billed and currently due from governmental agencies. The Organization grants unsecured credit without interest to these customers. The Organization has not experienced any significant past due accounts. Based on historical collections, accounts receivable are considered fully collectible by management, therefore, no allowance for doubtful accounts has been provided.

Investments:

CPSA carries investments in marketable securities with readily determinable fair values and all debt securities at fair value in the balance sheet. Unrealized gains and losses are included in the change in net assets.

Property, equipment, depreciation and amortization:

Property and equipment are recorded at cost. Depreciation and amortization is calculated using the straight-line method over the estimated useful lives of the assets.

Allocation of common expenses:

Certain direct, indirect and administrative expenses are incurred which benefit more than one program. Such common expenses are allocated based upon an ADHS approved cost allocation plan as submitted by CPSA which is primarily based upon enrollment, claims and costs by lines of business.

Income taxes:

CPSA is a Section 501(c)(3) organization exempt from taxation under Internal Revenue Code Section 501(a). Accordingly, no provision is required in the financial statements for federal and state income taxes.

2. Investments:

	Federal Home Loan Bank Discount Note	\$ 3,652,768
3.	Advances and other receivables:	
	Grants receivable Provider receivables Housing receivables Rent receivables Employee receivables	\$ 46,357 194,584 271,053 24,020 3,519 \$ 539,533

	Less accumulated depreciation and amortization	2,489,353
		\$ 9,943,404

5. Performance bond:

CPSA's contract with ADHS requires them to purchase a surety bond to fund any potential losses incurred equal to amounts based on gross capitation payments, as specified in the contract. For 2003, the surety bond was \$11 million to comply with ADHS contract requirements. This surety bond has been renewed and extended through June 30, 2004. CPSA has investments deposited at Bank of New York in the amount of \$2,892,008 as collateral for this bond.

Claims and behavioral healthcare services payable:

Claims incurred but not reported	\$ 171,649
Reported but unpaid claims	114,434

	4 404.000

\$ 8,671,839

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2003

7. Other liabilities:

ADHS Encounter Policy Penalty:

ADHS issued a policy that requires CPSA to report minimum percentages of encounters to non-administrative ADHS payments, reaching 85% at year-end. ADHS evaluates on a quarterly, year-to-date basis by Title XIX, Title XXI and non-Title XIX programs, the percentage of encounter data to ADHS payments. In the event CPSA does not reach the required threshold, ADHS will withhold a reimbursable penalty from future payments in the amount of the lesser of 2% of non-administrative payments made in the period being evaluated or the actual deficiency. ADHS will reimburse amounts previously withheld upon CPSA attaining the required encounter percentage within nine months after year-end.

During 2003, ADHS withheld approximately \$1,245,000 from CPSA due to encounter reporting deficiencies related to 2002. CPSA management has estimated that encounters will reach the ADHS policy minimum requirements for 2003. Accordingly, CPSA has not accrued any penalty at June 30, 2003.

In 2003, CPSA expensed and paid approximately \$14 million to comprehensive service network providers for excess capacity and over-enrollment of which approximately \$4 million is included in other liabilities at June 30, 2003.

8. Long-term debt:

The Arizona Health Facilities Authority sold 2002 Series bonds on behalf of CBHP for \$5,075,000 in August 2002. Monthly interest payments are made based on weekly variable rates determined by Bond Market Association (BMA) Municipal bond index. The bond is secured by a letter of credit amounting to \$5,097,569 along with a pledge agreement and deed of trust on real property. As of June 30, 2003, \$5,014,999 was outstanding on the bond payable.

CBHP is required to make monthly payments into a sinking fund account in order to make annual principal payments. The next scheduled principal payments will be paid out of the sinking fund account. The sinking fund account held a balance of \$20,000 at June 30, 2003. This amount has been offset to the related debt as of June 30, 2003. The total amounts required to be deposited into the sinking fund account are as follows:

Year ending June 30,	
2002	\$ 244,164
2003	259,175
2004	264,155
2005	279,163
2006	293,337
Thereafter	3,675,005
	\$ 5.014.999

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

YEAR ENDED JUNE 30, 2003

9. Interest rate swap agreement:

The Series 2002 bonds payable bear interest at BMA, which was .98% at June 30, 2003. However, CBHP entered into a separate interest rate swap agreement with Wells Fargo that effectively converts the interest rate on the note to 3.10%. Under the swap agreement, the CBHP pays interest at the fixed rate and receives interest at BMA. The notional amount under the swap decreases as principal payments are made on the bonds so that the notional amount equals the principal outstanding under the bond. The swap is designed to hedge the risk of changes in interest payments on the note caused by changes in BMA.

The swap was issued at market terms so that they had no fair value at inception. As required by SFAS No. 133, Accounting for Derivative Instruments and Hedging Activities, the carrying amount of the swap has been adjusted to fair value at June 30, 2003, which because of changes forecasted in levels of BMA, resulted in reporting a liability for the fair value of the future net payments forecasted under the swap. The change in fair value is recorded as a decrease in the change in net assets for 2003 and the liability is classified as noncurrent since management does not intend to settle the swap during fiscal year 2004.

10. Related party transactions and concentrations:

CPSA entered into an agreement with Arizona Physicians IPA (APIPA) to provide enrollment and customer services as well as claims processing and various customer support services. This agreement was cancelled effective June 30, 2003. CPSA paid APIPA monthly fees based upon 2% to 3.25% of revenue, which totaled approximately \$4 million in 2003. Amounts payable to APIPA aggregated approximately \$371,000 at June 30, 2003 and are included in accounts payable. Enrollment and customer services as well as claims processing and various customer support services will be provided in-house by CPSA trained staff effective July 1, 2003. CPSA has developed an internal program to handle and process claims.

CPSA has contracted with SouthEastern Behavioral Health Services, Inc. (SEABHS), a Member, to be the sole provider of behavioral healthcare services in a specified geographic service area. This agreement expires annually in June and has been renewed through June 2004. Total expense for behavioral healthcare services provided by SEABHS aggregated approximately \$24.9 million in 2003. Amounts payable to SEABHS at June 30, 2003, aggregated approximately \$2.7 million and are included in claims and behavioral healthcare services payable. SEABHS accounted for 18% of behavioral healthcare services expenses in 2003.

CPSA has contracted with 27 affiliates of Behavioral Health Coalition of Southern Arizona (BHC), a Member, to provide behavioral healthcare services in Pima County. Agreements with these providers typically expire annually in June and have been renewed at CPSA's option through June 2004. Amounts payable to these providers aggregated approximately \$5.6 million as of June 30, 2003 and are included in claims and behavioral healthcare services payable. BHC accounted for 18% of behavioral healthcare services expenses in 2003.

CPSA has contracted with five comprehensive service network providers in Pima County to provide behavioral healthcare services. Three of these providers accounted for 41% of behavioral healthcare services expenses in 2003. Three of these providers are related parties through affiliation with BHC.

11. Rental Income:

Operating leases:

CBHP leases out various equipment, furniture and office space under operating lease agreements. The office space leases call for base rent and additional rent, an amount equal to the tenant's proportionate share of increases in the complex operating expenses for the lease year. The lease agreements expire June 30, 2005. The tenants have two options to renew the lease for two years through June 30, 2009.

Future minimum rental income is as follows:

 Year ending
 June 30,

 2004
 \$ 382,104

 2005
 \$ 764,208

Currently, CBHP is negotiating with two potential new tenants for which the terms and conditions have not been finalized.

12. Commitments and contingencies:

Employee retirement benefits:

CPSA has a 401(k) defined contribution employee savings plan for its employees. All employees who are at least 21 years of age and have completed one year of service are eligible to participate in the 401(k) Plan. Eligible employees may make contributions to the 401(k) Plan not to exceed specified annual ceiling amounts. CPSA may make discretionary contributions to be allocated ratably among participating employees. Participants vest 100% immediately in employee contributions and ratably over a period of three years in discretionary CPSA contributions. CPSA's contribution to the Plan was approximately \$200,000 for 2003.

Operating leases:

CPSA and CBHP lease various equipment, furniture and office space under operating lease agreements. Certain of these costs are for furniture for tenants in Plaza Arboleda, which are passed through to tenants and are consequently reimbursed. CPSA has a lease agreement related to computer equipment that expires in January 2005, unless CPSA elects an early termination. The lease agreement contains an early termination clause available to CPSA after January 2000, which requires CPSA to pay an early termination fee ranging from approximately \$160,000 to \$330,000, depending upon the early termination date.

12. Commitments and contingencies (continued):

Operating leases (continued):

Future minimum lease payments are as follows:

Year ending June 30,	
2004	\$ 1,347,780
2005	1,356,347
2006	1,252,913
2007	934,781
	\$ 4.891.821

Total rent expense was \$475,500 in 2003.

Litigation:

CPSA is party to certain pending or threatened lawsuits arising out of or incident to the ordinary course of business for which it carries general liability and other insurance coverages. In the opinion of management and based upon consultation with legal counsel, resolution of the pending or threatened lawsuits will not have a material adverse effect on CPSA's financial statements.

Contract compliance:

Capital risk requirements:

Pursuant to its contract with ADHS, CPSA must annually maintain a minimum capitalization requirement of net assets greater than or equal to 90% of the monthly capitation and Non-Title XIX/XXI payments received under the contract, excluding the performance bond investments.

Viability ratios:

CPSA's contract with ADHS contains various quarterly financial performance requirements, the most restrictive of which requires CPSA to maintain minimum liquidity and equity ratios and limits the amount of administrative expenses that may be funded with ADHS contract funds.

Other:

Should CPSA be in default of any material obligation under its contract with ADHS, ADHS may, at its discretion, in addition to other remedies, either adjust the amount of future payment or withhold future payment until satisfactory resolution of the default or exception. In addition, although it has expressed no intention to do so, ADHS has the right to terminate the contract in whole or in part without cause by giving CPSA 90 days written notice. Further, if monies are not appropriated by the state or are not otherwise available, the contract with ADHS may be canceled upon written notice until such monies are so appropriated or available.

12. Commitments and contingencies (continued):

Compliance with laws and regulations:

The healthcare industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse regulations. Government activity continues with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in expulsion from government healthcare programs, together with the imposition of significant fines and penalties as well as significant repayments for patient services previously billed. Management believes that CPSA is in compliance with fraud and abuse regulations, as well as other applicable government laws and regulations. Compliance with such laws and regulations can be subject to future review and interpretation as well as regulatory actions unknown or unasserted at this time.

13. Functional expenses:

Behavioral healthcare services Administrative and operating \$ 143,159,815 11,908,095

\$ 155,067,910

14. Statement of cash flows:

Supplemental disclosure of cash flow information:

Cash paid for interest was \$119,365 for 2003 of which \$72,122 was capitalized.

Noncash investing and financing activities:

The Company acquired land and building at a cost of \$2,119,699 in exchange for long-term financing.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Community Partnership of Southern Arizona, Inc. Tucson, Arizona

We have audited the financial statements of Community Partnership of Southern Arizona, Inc. (CPSA) as of and for the year ended June 30, 2003, and have issued our report thereon dated August 13, 2003. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether CPSA's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered CPSA's internal controls over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. However, we noted other matters involving internal control over financial reporting that we have reported to management of CPSA in a separate letter dated August 13, 2003.

This report is intended for the information and use of the Board of Directors, CPSA management, and Federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

Board of Directors Community Partnership of Southern Arizona, Inc. Tucson. Arizona

Compliance

We have audited the compliance of Community Partnership of Southern Arizona, Inc. (CPSA) with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2003. CPSA's major Federal program is identified in the Summary of Auditors' Results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of CPSA's management. Our responsibility is to express an opinion on CPSA's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the major Federal program occurred. An audit includes examining, on a test basis, evidence about CPSA's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on CPSA's compliance with those requirements.

In our opinion, CPSA complied, in all material respects, with the requirements referred to above that are applicable to its major Federal program for the year ended June 30, 2003.

Internal Control Over Compliance

The management of CPSA is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to Federal programs. In planning and performing our audit, we considered CPSA's internal control over compliance with requirements that could have a direct and material effect on a major Federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts and grants that would be material in relation to a major Federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

Schedule of Expenditures of Federal Awards

We have audited the basic financial statements of CPSA as of and for the year ended June 30, 2003, and have issued our report thereon dated August 13, 2003. Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended for the information of the Board of Directors, CPSA management, and Federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

COMMUNITY PARTNERSHIP OF SOUTHERN ARIZONA, INC.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

YEAR ENDED JUNE 30, 2003

Basis of presentation:

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Community Partnership of Southern Arizona, Inc. and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB A-133, Audits of States, Local Governments, and Non-Profit Organizations. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

2. Catalog of Federal Domestic Assistance (CFDA) Numbers:

The program titles and CFDA numbers or federal identification numbers were obtained from the federal or pass-through grantor or the update to the 2003 Catalog of Federal Domestic Assistance. If no CFDA had been assigned to a program, the contract number was used.

3. Subreceipients:

Of the federal expenditures presented in the schedule, the Organization provided federal awards to subrecipients as follows:

Program Title	Federal CFDA Number	Amount provided to Subrecipients
Supportive Housing Program	14.235	\$ 40,376
Shelter Plus Care	14.238	513,806
Comprehensive Community Mental Health Services for Children with Serious Emotional Disturbances (SED)	93.104	314,280
Projects for Assistance in Transition from Homelessness (PATH)	93.150	194,999
Consolidated Knowledge Development and Application Program	93.230	171,299
Temporary Assistance for Needy Families	93.558	963,967
State Children's Insurance Program	93.767	1,800,047
Centers for Medicare and Medicaid Services (CMS) Research, Demonstrations and Evaluations	93.779	86,990,016
Block Grants for Community Mental Health Services	93.958	942,785
Block Grants for Prevention and Treatment of Substance Abuse	93.959	6,121,729

COMMUNITY PARTNERSHIP OF SOUTHERN ARIZONA, INC. SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2003

SUMMARY OF AUDITORS' RESULTS

- 1. The auditors' report expressed an unqualified opinion on the financial statements of CPSA.
- No reportable conditions disclosed during the audit of the financial statements are reported in the Independent Auditors' Report on Compliance and Internal Control Over Financial Reporting based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards.
- 3. No instances of noncompliance material to the financial statements of CPSA were disclosed in the audit.
- 4. No reportable conditions disclosed during the audit of the major federal awards programs are reported in the Independent Auditors' Report on Compliance with Requirements Applicable to Each Major Program and Internal Control Over Compliance in Accordance with OMB Circular A-133.
- 5. The auditors' report on compliance for the major federal award programs for CPSA expresses an unqualified opinion on its major programs.
- 6. There were no audit findings relative to the Major Federal Awards Program for CPSA.
- 7. The program tested as a major program is as follows:
 - U.S. Department of Health and Human Services: Centers for Medicare and Medicaid Services (CMS) Research, Demonstrations and Evaluations

93.779

- 8. The threshold for distinguishing Type A and Type B programs was \$3,419,546.
- 9. CPSA was determined to be a low risk auditee.

2

Offerers Response to Question 6-d. Removed

Proprietary Information

6-d. Plans to Meet and Maintain the 90% Capitalization Requirement

Table 6-e.1 Capitalization Requirements			
GSA Capitalization Requirement Counties			
GSA 3	\$2,421,000	Cochise, Graham, Greenlee and Santa Cruz	
GSA 5	\$10,114,000	Pima	

Since July 1995, CPSA has been contractually required by DBHS to report all components of the Minimum Capitalization Ratio on a combined GSA basis. CPSA has consistently fulfilled the capitalization and performance bond requirements as set forth in the DBHS contract and the *ADHS/DBHS Financial Reporting Guide*. To demonstrate the satisfaction of this requirement, examples of recent and historical audited financial information are presented for GSA 3 and GSA 5 combined in Table 6-e.2 below.

Table 6-e.2 Historical Performance on Attainment of Ninety Percent Capitalization Requirement			
Audited Fiscal Year Ending	CPSA Net Assets Less Performance Bond	Ninety Percent Capitalization Requirement	Excess Over Requirement
June 30, 2000	18,045,606	6,125,803	11,919,803
June 30, 2001	17,822,124	7,305,554	10,516,570
June 30, 2002	20,050,886	12,262,206	7,788,680
June 30, 2003	23,675,675	11,169,360	12,506,315
June 30, 2004	22,927,449	13,041,495	9,885,954

CPSA will continue to be successful in attainment of the 90 percent (90%) capitalization requirement throughout the contract cycle. During the development of the annual operating budget, a surplus of a minimum of three percent (3%) of total revenue for both GSA 3 and GSA 5 is incorporated into the budget. This ensures that net assets will increase favorably for both GSA 3 and GSA 5 which will maintain the 90 percent (90%) capitalization requirement. To mitigate the possibility of liabilities causing net assets to fall lower than the capitalization requirement, the annual budgets of large service providers are analyzed monthly by CPSA to determine the state of the provider's financial position and viability as well as to evaluate potential service utilization and risk factors. Combined, these strategies of planned surplus corridors, coupled with monitoring of liabilities and service provider financial position, will ensure that CPSA meets and maintains the ninety percent (90%) capitalization requirements for both GSA 3 and GSA 5.

GSA 5

6.e Plans to Meet and Maintain the 90% Capitalization Requirement

1

5

6-f. Managing Revenue and Maximizing Service Value

2 MANAGING REVENUE

- 3 To ensure access to care, CPSA will manage revenue by identifying cost-effective service providers; employing cost-
- 4 efficient contracting and payment methodologies; and, monitoring encounter value submissions.

Annual Service Revenue Budget

- The budget process begins at CPSA with the identification of funds, by funding sources, which will be available for the
- 7 contracting of services. The Financial Analysis staff uses historical eligibility data to forecast growth trends. These
- 8 forecasts are used in conjunction with eligibility data received from DBHS to determine eligibles for Title XIX and Title
- 9 XXI programs. In addition, revenue for the Non-Title XIX populations is determined by using the most recent
- subvention allocation schedule.

11 Submission of Comprehensive Service Networks' (Networks') Annual Budgets

- 12 CPSA requires the submission of an annual operating budget for all Comprehensive Service Networks (Networks). The
- 13 budgets must be submitted in ADHS's financial statement columnar format with direct expenses presented in the natural
- 14 classification and purchased service expenses presented in the service expense categories. The submission of these
- annual budgets must be accompanied by a narrative describing budget assumptions. These assumptions should include
- projections for enrollment by line of business; projected salary and employee-related expense increases/decreases; in-
- house, subacute and residential expenses; number of inpatient and residential days purchased; and, capital expenditures
- 18 for personal and real property. Each operating budget submission is required in electronic format to allow efficient
- analysis by Financial Analysis staff.
- 20 An integral part of the review process of the Networks' budgets is the analysis of program service delivery requirements
- within the Networks' budgets. Each budget is evaluated on a programmatic basis to ensure that there is sufficient access
- 22 to quality care across the service delivery network. Financial Analysis staff evaluates the Network budget versus
- historical financial statement information to identify areas that may require additional documentation. Any change of 10
- 24 percent or greater requires a written justification.
- 25 Through the required submission of monthly financial statements from the Comprehensive Service Networks
- 26 (Networks), CPSA Financial Analysis staff calculates the Per Member Per Month (PMPM) cost across providers. A
- 27 PMPM calculation based on each individual operating budget is compared to the historical PMPM cost across Networks.
- 28 Projections for membership growth are included in the analysis to anticipate Provider Network resource requirements.

29 **Distribution of Provider Network Resources**

- 30 The distribution of Provider Network resources is determined once the analysis of all direct contractor budgets is
- 31 complete and CPSA has determined that direct contractors' cost structures are established to maximize value. Through
- 32 the evaluation of program requirements by the CPSA Clinical Operations/Network Management staff, providers are
- 33 selected. Historical utilization and member enrollment models are used to determine the allocation of resources to direct
- 34 contractors.

35

MAXIMIZING VALUE

36 **Payment Methodologies**

- 37 The financing mechanism predominately used at CPSA is the monthly block payment methodology. Under this
- 38 methodology, the Networks are paid one-twelfth of their annual funding allocation on a monthly basis. This ensures
- 39 availability and predictability of cash flow throughout the fiscal year across the Networks. The Networks are then
- 40 encouraged to manage their revenue and expenditures based on the predictable cash flow. The Networks submit
- 41 encounters for the services provided and are required to maintain encounter value of at least 90 percent of their annual
- 42 funding allocation.
- 43 This financing mechanism is also used in subcontracting situations with Level I hospitals and subacute facilities. Using
- 44 this method, CPSA purchases a specific number of bed days for the contract year, based on historical utilization and
- 45 projected enrollment. This enables CPSA to negotiate the most cost-effective rate for CPSA members while maximizing
- 46 available revenue. The subcontractor is required to submit encounters for services provided. A semi-annual
- 47 reconciliation of utilization occurs to monitor and evaluate over/under utilization.
- 48 When subcontracting with the community-wide crisis services and detoxification services providers, CPSA employs a
- 49 block purchase payment methodology for staffing availability. CPSA requires the contractor to submit a detailed line
- 50 item budget in a prescribed format to ensure that contractual staffing requirements are met. The subcontractor receives

- 1 one-twelfth of the annual funding allocation on a monthly basis and is required to submit encounters for services
- 2 provided.

7

- 3 In an effort to control increasing pharmacy costs, CPSA has established a Pharmacy Management unit. The Pharmacy
- 4 Management staff will control pharmacy costs through contracting and pricing strategies, management of the prior
- 5 authorization process, evaluation of network prescribing patterns, and provider education. By containing pharmacy costs,
- 6 the resources available for pharmacy services will increase across the Provider Network.

Provider Encounter Submission Evaluation

- 8 In addition to monitoring the financial performance of direct contractors, CPSA also monitors the submission of
- 9 encounter values. On a monthly basis, direct contractors' encounter value reports, by fund type and provider, are
- 10 prepared by the Financial Analysis staff. These reports are used to compare the submission of claims and encounters to
- the corresponding contract payments received. These reports are reviewed by the CPSA Clinical Operations/Network 11
- 12 Management staff and are also distributed to all director contractors. Contractors that are identified as having 13
- insufficient encounter submission value to support the monthly payment allocation may be subject to reduced funding, a cap on new member enrollments, and/or the reassignment of all or part of the contractor's member capacity to another 14
- contractor. The contractor's encounter value reports are reviewed and discussed at the monthly meetings of 15
- 16 CPSA/provider Chief Executive Officers (CEOs) and Chief Financial Officers (CFOs).

17 ENSURING ACCESS TO AND QUALITY OF CARE

- 18 CPSA ensures that financial resources are managed in a fiscally responsible manner so that access to care and the quality
- 19 of the behavioral health service delivery system is enhanced and strengthened. Business Operations (Finance, Contracts,
- 20 etc.) staff participates with Clinical Operations staff at the Collaborative Technical Assistance (CTA) Team meetings to
- 21 address the allocation of financial resources and the impact of those allocations on the quality of service and access to
- 22 care.

23 Access to Care

- 24 CPSA ensures that the allocation of financial resources is managed through the collaboration of Clinical Operations and
- 25 Business Operations staff to ensure access to care. Strategies implemented to ensure access to care include the
- 26 following:
- 27 Utilizing crisis stabilization services with block purchases for children and adolescents;
- 28 Utilizing co-location of staff for 24-hour response to Child Protective Services (CPS) for children being removed 29 from home:
- 30 Allocating Non-Title XIX money for use across a 12-month period;
- 31 Contracting for Non-Title XIX money according to CPSA Non-Title XIX Prioritization of Services Plan;
- 32 Making available easily accessed crisis services, including detoxification services;
- 33 Utilizing benefit packages for each population as a guide for service delivery;
- 34 Assisting members in applying (or re-applying) for public benefits;
- 35 Centralizing the contracting process and strengthening the service mix through use of CSA Habilitation and Respite 36 services;
- 37 Emphasizing Support Services, including Respite and non-emergency Transportation;
- 38 Commencing regularly-scheduled meetings with Business Operations and Clinical Operations staff to identify 39 potential areas of concern; and
- 40 Reducing dependence on Level I services through intensive in-home services.

- 42 The quality of the behavioral health services delivery system is of paramount importance to CPSA and is not
- 43 compromised by the process of allocating financial resources. Issues related to quality of care and allocation of financial
- 44 resources are identified and discussed in the Quality Management (QM) Committee, Executive Management Team
- 45 (EMT) and the Network Design and Improvement Committee (NDIC). From these discussions, strategies are developed
- and implemented to assess the quality of behavioral health services delivered to CPSA members and their families. 46
- 47 These strategies have foundation in the mission, values and guiding principles of CPSA. As CPSA reduces the scope of
- 48 Utilization Management and Quality Management activities occurring at the Network level, increased attention will be
- 49 focused on interpretation of utilization data, input from members and families, improved use of innovative technologies,
- and enhanced coordination of care with health plans and state agencies. These strategies will continue to be utilized to 50

7

16

- determine if the quality of the behavioral health service delivery system meets established standards of practice and if utilization is at appropriate levels to meet the needs of members and their families.
- The following strategies will continue to be utilized to ensure that the management of financial resources enhances the quality of the behavioral health service delivery system:
- Reviewing under/over utilization of services with particular attention to support services provided by CSA's;
- Reviewing network sufficiency to address gaps in the continuum of care;
 - Maintaining an integrated service model for all populations with emphasis on coordination of care;
- Emphasizing evidenced-based practices and standards of care to guide service delivery;
- Monitoring a broad array of qualified providers in sufficient numbers to meet the needs of members and their families;
- Addressing training needs and providing technical assistance to Networks and providers;
- Reducing duplication of utilization review and quality management processes occurring at the provider level;
- Analyzing utilization of encounters to identify gaps in service; and
- Informing Networks of trends and patterns in utilization data and requiring action steps to address concerns and gaps in areas of compromised quality.

15

17

6-g. Ensuring Sufficient Service Encounter Submissions

- 2 CPSA will ensure that sufficient service encounters, including support services, are submitted to DHS in a timely and
- 3 accurate manner. This will be accomplished through technical assistance and quarterly meetings conducted by the
- 4 Claims/Encounters unit with the provider's billing staff; generation of monthly Provider Encounter Value Reports to
- 5 monitor claims and encounter submissions; and future implementation of a claims online batch data entry functionality
- 6 for the provider billing staff to directly enter claims and encounters into the CPSA claims system.

Claims/Encounters Unit

- 8 The Claims/Encounters unit is managed by a Certified Professional Coder. The unit's staffing pattern includes two
- 9 Certified Professional Coders and three Claims Examiners (one of whom is also a Certified Professional Coder) with a
- combined claims processing experience exceeding 50 years. The staff is prepared to process claims submitted on paper
- in the approved claim format and is available to provide technical assistance to providers who may not have the
- infrastructure, experience or training to transmit encounters and claims electronically. A key ingredient which enhances
- the technical assistance provided by the claims staff is quarterly claims meetings with provider's billing staff. These
- meetings are used to discuss data validation, AHCCCS pended claims; CIS denied claims, and general claim coding
 - issues and procedures. Through this quarterly communication with providers, CPSA reduces errors and omissions
- ensuring timely and accurate claims submissions to DBHS.

Provider Encounter Value Reports

- 18 On a monthly basis, the CPSA Financial Analysis staff monitors provider encounter and claims submissions for
- completeness through the preparation of *Provider Encounter Value Reports*. These reports are generated by fund type
- and provider and are distributed to both CPSA management and the provider to monitor the progress in the submission
- of encounters and claims. The reports are also presented and discussed at the monthly meetings of Provider Chief
- 22 Executive Officers (CEOs) and Chief Financial Officers (CFOs). Through the detailed monitoring of encounter and
- 23 claims submission, CPSA identifies providers that may need additional assistance in the submission of service
- encounters. Real time encounter information is also available through the CPSA ProvNet Web-based system.
- 25 The ProvNet application is a CPSA-developed secure Web portal which allows authorized provider staff to reconcile
- their encounter and claims submissions processed through the CPSA claims system via a secure SSL 128-bit encrypted
- 27 connection

28 eCura ® Provider Connect

- 29 CPSA Information Technology (IT) staff is in the process of enhancing eCura® Provider Connect, a unique functionality
- 30 connected to the CPSA claims system. This functionality enables providers to input encounters and claims directly into
- the claims system. While this product is currently available, modification is required to conform to CPSA internal
- business processing requirements. The proposed implementation date is the second quarter of calendar year 2005.

6-h. Description of Internal Control Systems

Internal control systems currently in place at CPSA are effective as evidenced by the results of the audit for the fiscal year ended June 30, 2004, indicating no management letter or audit adjustments were necessary.

SAFEGUARDING ASSETS

- 5 Internal controls systems are in place for safeguarding assets in the following manner:
 - The internal control systems are overseen by the Chief Financial Officer (CFO)
 - The Controller is primarily responsible for the implementation and maintenance of fiscal policies.
- Current fiscal policies are available for CPSA staff reference through a common shared (S:)drive.
 - Fiscal policies are updated as required at least annually during the second quarter of the calendar year.
- The CFO is responsible for the investing of cash in accordance with fiscal policy approved by the Board of Directors. The CFO prepares the journal entry and the Controller reviews and approves the journal entry and ensures bank notifications on investing transactions match and agree with the journal entry prepared by the CFO.
 - The Administrative Assistant in Accounting is responsible for opening and date stamping all incoming mail. Checks
 or cash received through the mail or courier services are copied, logged and tracked on the cash/check receipt form
 by the Administrative Assistant. The Controller reviews the completed cash/check receipt form with copies attached
 to approve for depositing into the operating bank account. The designated Accountant responsible for the
 preparation of the bank account reconciliation has no access to or responsibility for reviewing or preparing the
 cash/check receipt form.
- Fiscal policies include procedures for the placement of assigned fixed asset inventory tags on owned or leased furniture and equipment. The Controller approves the issuance of inventory tag numbers to the Purchasing and Facilities Manager, who is responsible for tagging all owned or leased equipment prior to placing it in service.
 - The Purchasing and Facilities Manager conducts annual inventory of tagged owned and leased furniture, fixtures, copiers and fax equipment. The Information Technology Department conducts annual inventory of owned and leased computers, printers, video teleconferencing and phone equipment. The annual inventory of tagged furniture and equipment is conducted during the second quarter of the calendar year.
- Authorizations of administrative expenses are approved by the executive management staff who initiated the expenditure. Administrative expenditures are charged to the benefiting cost center in accordance with OMB A-122 and A-133 fiscal compliance requirements.
- Company checks are signed utilizing the check signature machine. The Controller maintains the key to activate the signature plates. A check signature log is maintained to record and track beginning and ending check numbers issued and signed, as well as the check count processed through the check signature machine. The check stock is maintained in a locked cabinet with limited key access by the Controller and CFO.
 - The maintenance and updating of the accounts payable vendor listing is limited to the Controller or CFO.
- The write off of uncollectible accounts receivable balances are prepared by the Controller and approved by the CFO.
- The incurrence of unbudgeted expenditures and capital acquisitions is approved by the executive management staff who initiated the expenditure and the CFO.
- The recording and updating of daily cash receipts and outgoing wire and cash disbursements on the Daily Cash
 Report is performed by the Controller. Bank accounts are reconciled to the general ledger bank accounts monthly
 by a designated Accountant who has no access to the processing of accounts payable billings.

40 **ACCOUNTING**

- Internal control systems are in place for the accounting of financial transactions as follows:
- Fiscal policies are followed by accounting personnel for the recording of cash receipts and authorization and payment of trade vendors and provider billings.
- Designated Accounting personnel are assigned responsibility for compliance with the segregation of duties for processing disbursements, recording cash receipts and revenue recognition, preparing bank account reconciliation to the corresponding general ledger bank accounts, processing payroll, preparing third party billings for various contracted funding sources and reconciling of monthly general ledger accounts.
- The update and maintenance of the general ledger chart of accounts is limited to and performed by the Controller or CFO.

1

7

8

9

14

15

16

22

- General journal entries are prepared by the accounting staff and reviewed and approved by the Controller or CFO. 2 Non-payroll journal entries are entered into the general ledger by the Payroll/Payables Specialist.
- Desktop procedures in place ensure that Accounting staff consistently performs tasks in accordance with fiscal 3 policies and contract provisions established by contracted funding sources. 4
- 5 General ledger and bank account reconciliations are prepared monthly and are reviewed and approved by the 6 Controller and CFO.
 - The assignment of journal entry preparation to the Accounting staff is done in consideration of segregation of duties to ensure compliance with internal control procedures.

FINANCIAL REPORTING

- 10 Internal control systems are in place for financial reporting as follows:
- 11 The Controller reviews and approves the classification and recording of revenues and expenses and updates the chart 12 of accounts as required.
- 13 A designated Accountant is assigned to prepare the monthly financial statements for both corporate entities.
 - Budget to Actual Variance Reports are utilized by the Controller and designated Accountant during the review of the monthly financial statements and are utilized to ensure normalized trends across months and by program fund source and type.
- 17 The Controller, the designated Accountant and the CFO meet to perform second level and final review of *Budget to* 18 Actual Variance Reports prior to the finalization of the monthly financial statements.
- 19 In summary, CPSA has developed comprehensive fiscal policies and procedures guiding both the uniform preparation of 20 the organization's financial statements and standardization of accounting functions, thus ensuring CPSA maintains 21 internal control over assets, accounting and financial reporting.

CPSA Proposal: Solicitation HP532003
